

WARNING

PLEASE READ ALL INSTRUCTIONS BEFORE ATTEMPTING INSTALLATION

- To prevent personal injury or product damage only licensed electricians should install.
- To avoid electric shock or component damage disconnect power before attempting installation or servicing.
- This product must be installed in accordance with the national electric code (NEC) and all applicable federal, state and local electric codes and safety standards.
- Disconnect product and allow cooling prior to servicing.
- Any alteration or modification of this product is expressly forbidden as it may cause serious personal injury, death, property damage and/or product malfunction.
- To prevent product malfunction and/or electrical shock this product must be properly grounded.
- Do not restrict luminaire ventilation.
- Ensure LED luminaire is not covered with material that will prevent convection or conduction cooling.
- Ensure LED luminaire has the correct polarity before installation.
- Avoid exposing wiring to metal edges and sharp objects.
- Driver mounting location varies by application. Use mounting holes provided on driver to mount to a rigid location.
- Driver should not be mounted in or near a fan, air outlet or other HVAC system components.

Instructions do not cover all details and all possible product configurations.
