Modern Wall Sconce Square
Installation Instructions

⚠ WARNING

PLEASE READ ALL INSTRUCTIONS BEFORE ATTEMPTING INSTALLATION

— To prevent personal injury or product damage only licensed electricians should install.
— To avoid electric shock or component damage disconnect main power source before attempting installation or servicing.
— This product must be installed in accordance with the National Electric code (NEC) and all applicable federal, state and local electrical codes and safety standards.
— Disconnect power and allow the fixture to cool prior to servicing.
— Any alteration or modification of this product is expressly forbidden as it may cause serious personal injury, death, property damage and/or product malfunction.
— To prevent product malfunction and/or electrical shock this product must be properly grounded.
— Suitable for damp locations.

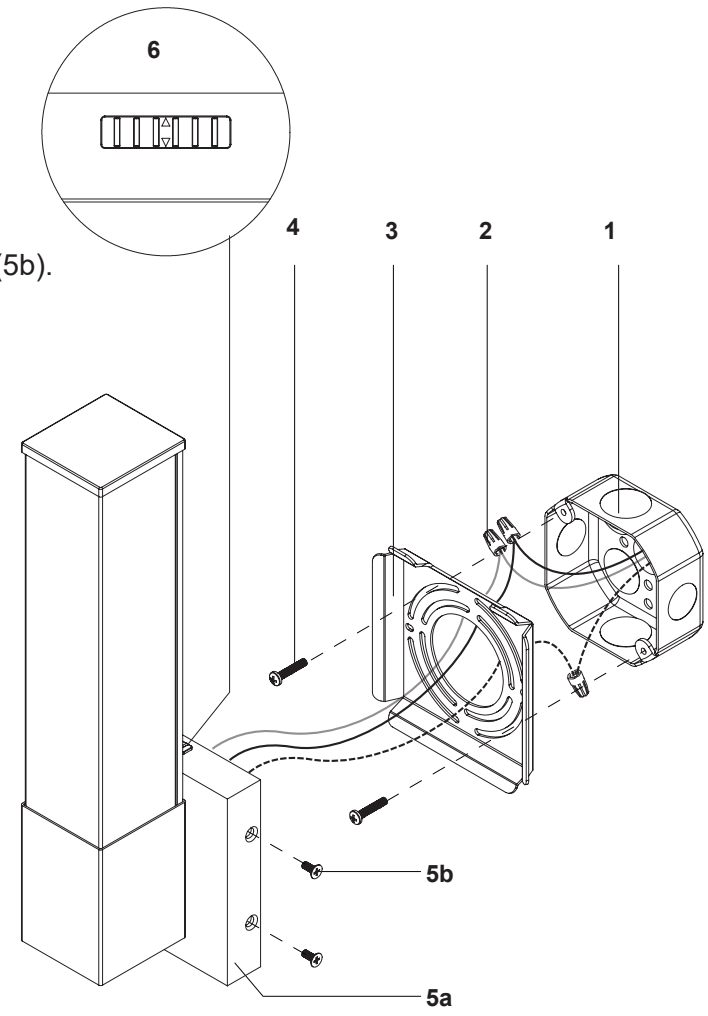

PREPARATION

1. Shut off power at the fuse box or circuit breaker box and remove the existing fixture including mounting hardware.
2. Carefully unpack the new fixture and layout all the parts in a clean location. Take care not to misplace any small parts necessary for installation.

INSTALLATION INSTRUCTIONS

3. Remove the canopy screws (5b) to separate the mounting bracket (3) from the canopy (5a).
4. Attach the mounting bracket (3) to the electrical junction box (1) using the provided junction box screws (4).
5. Connect the black wire to hot (L), the white wire to neutral (N), and the ground wire to ground (GND) using the provided wire connectors (2).
6. Secure the canopy (5a) to the mounting bracket (3) using the canopy screws (5b).
7. Use the CCT selector switch (6) to select the desired color temperature.

Your installation is now complete.
Return power and test the fixture.

CARE AND MAINTENANCE

Use a clean, soft cloth to wipe the surface of the fixture. DO not use any cleaners with chemicals, solvents or harsh abrasives.
Dimming: Dimmable with ELV and/or LED compatible wall dimmer switches.
